2nd Call for Papers for the IEEE Conference on Computational Intelligence in Games 2014
August 26 – 29, Park Inn Hotel, Dortmund, Germany

www.cig2014.de  April 1, 2014  IEEE Explore

Mark Riedl
Georgia Institute of Technology

Jochen Peketz
Blue Byte GmbH

Rilla Khaled
University of Malta

Thorsten Quandt
Westf. Wilhelms-Universität Münster

Computational & artificial intelligence in:
- Video games
- Board and card games
- Economic or mathematical games
- Serious games
- Augmented and mixed-reality games
- Games for mobile platforms

Calls for Special Sessions (March 1) and Tutorials (April 1) OPEN!

- Learning in games
- Procedural content generation
- Player/opponent modeling in games
- Player affective modeling
- Player satisfaction and experience in games
- Computational and artificial intelligence based game design
- Intelligent interactive narrative
- Theoretical or experimental analysis of CI techniques for games
- Non-player characters in games
- Comparative studies and game-based benchmarking
- Applications of game theory

General Chairs: Günter Rudolph, TU Dortmund, Germany
Program Chairs: Mike Preuss, WWU Münster, Germany
- Mirjam Eladhari, University of Malta
- Moshe Sipper, Ben-Gurion University of the Negev, Israel
Tutorials/Special Sessions Chair:
- Philip Hingston, Edith Cowan University, Perth, Australia
- Simon Lucas, University of Essex, UK
- Gillian Smith, Northeastern University, Boston, USA
Proceedings Chair: Paolo Burelli, Aalborg University, Copenhagen, Denmark
