Influence of Particle Size Distribution of High Calcium Fly Ash on IVFA Mortar Properties
Antoni, Wibawa, H.S., and Hardjito, D.

One Dimensional Site Response Analysis of Liquefaction Potential along Coastal Area of Bengkulu City, Indonesia
Mase, L.Z.

Displacement and Stress Function-based Linear and Quadratic Triangular Elements for Saint-Venant Torsional Problems
Purnomo, J., Wong, F.T., Wijaya, W.C., and Putra, J.S.

Considering the Effect of Motorcyclist Risk Tolerance in Accident Risk Management: A Preliminary Study
Malkhamah, S., Suparma, L.B., and da Costa, D.G.N.

Seismic Performance of Existing Building Retrofitted with VSL-Gensui Damper
Pudjisuryadi, P., Lumantarno, B., Hermawan, T.F., and Gunawan, T.T.

Improving Shear Strength Parameters of Sandy Soil using Enzyme-Mediated Calcite Precipitation Technique
Putra, H., Yasuhara, H., Kinoshita, N., Erizal, and Sudibyo, T.

Initial Surface Absorption of Cement Combination Concrete
Folagbade, S.O.

A Comparative Study on Bio-Inspired Algorithms in Layout Optimization of Construction Site Facilities
Prayogo, D., Sutanto, J.C., Suryo, H.E., and Eric, S.
CONTENTS

Influence of Particle Size Distribution of High Calcium Fly Ash on HVFA Mortar Properties
Antoni, Wibawa, H.S., and Hardjito, D. 51-56

One Dimensional Site Response Analysis of Liquefaction Potential along Coastal Area of Bengkulu City, Indonesia
Mase, L.Z. 57-69

Displacement and Stress Function-based Linear and Quadratic Triangular Elements for Saint-Venant Torsional Problems
Purnomo, J., Wong, F.T., Wijaya, W.C., and Putra, J.S. 70-77

Considering the Effect of Motorcyclist Risk Tolerance in Accident Risk Management: A Preliminary Study
Malkhamah, S., Suparna, L.B., and da Costa, D.G.N. 78-85

Seismic Performance of Existing Building Retrofitted with VSL-Gensui Damper
Pudjisuryadi, P., Lumantarna, B., Hermawan, T.F., and Gunawan, T.T. 86-90

Improving Shear Strength Parameters of Sandy Soil using Enzyme-Mediated Calcite Precipitation Technique
Putra, H., Yasuhara, H., Kinoshita, N., Erizal, and Sudibyo, T. 91-95

Initial Surface Absorption of Cement Combination Concrete
Folagbade, S.O. 96-101

A Comparative Study on Bio-Inspired Algorithms in Layout Optimization of Construction Site Facilities
Prayogo, D., Sutanto, J.C., Suryo, H.E., and Eric, S. 102-110
